2026 Specialty Day Meeting

Friday, March 6, 2026
New Orleans, Louisiana

About

The Musculoskeletal Tumor Society

The Musculoskeletal Tumor Society holds two meetings a year - the Annual Meeting and Specialty Day Course held during the American Academy of Orthopaedic Surgeons' Annual Meeting bringing more than 400+ Musculoskeletal Tumor Oncologists together for education. The 2025 MSTS Annual Meeting will occur Wednesday, December 3, 2025 through Friday, December 5, 2025 at the Hyatt Regency Polanco in Mexico City, Mexico. The 2026 MSTS Specialty Day is scheduled to occur on Friday, March 6, 2026 in New Orleans, Louisiana. In addition, MSTS will periodically hold specialty symposia, webinars, and other educational events.

The MSTS develops and maintains a competitive, clinically relevant, research program for the advancement of knowledge in musculoskeletal oncology and your support helps drive these efforts. Through research and education, the Society is able to develop better outcomes for patients afflicted with a variety of aggressive diseases that not only have the potential to threaten patients' quality of life and function, but can also in many cases be quite deadly. MSTS members have demonstrated academic and research prowess in order to enter the ranks of the Society. MSTS partners with other organizations and disciplines such as medical and pediatric oncology, radiation therapy and full time laboratory investigators to unlock the mysteries of the diseases treated.

The MSTS has eleven core committees: Education Committee, Membership Committee, Research Committee, Fellowship Committee, Skeletal Metastases Committee, Practice Management Committee, Finance Committee, Communications Committee, Annual Meeting Program Committee, Specialty Day Program Committee and the Guidelines and Evidence Based Medicine Committee; all which enable the society to function and serve as resources for the orthopaedic oncology community. We also have a very active Advocacy Task Force.

We look forward to advancing the knowledge of our members and engaging with our colleagues from Central and South America during the 2025 Annual Meeting. This unique opportunity to host a meeting in one of the world's top culinary and cultural cities provides a true destination experience for our attendees. We look forward to seeing you!

Supporting MSTS is an excellent opportunity to:

- **Enhance** your company's visibility while gaining a more powerful presence and profile with more than 400+ Musculoskeletal Tumor Oncologists
- **Drive** traffic to your booth or event
- **Support** research and treatment
- **Position** your company as an industry leader

Learn more at www.msts.org.

MSTS Mission

The Musculoskeletal Tumor Society will advance the science of orthopaedic oncology and promote high standards of patient care through excellence in education and research.

MSTS Vision

The Musculoskeletal Tumor Society will be a recognized authority on all aspects of orthopaedic oncology, an influential participant in policy-making for orthopaedic oncology services, and responsive to the needs of orthopaedic oncologists and their patients.
